Section 1. Chemical Product and Company Identification

**Common Name/Trade Name:** Cupferron

**Manufacturer:** SPECTRUM CHEMICAL MFG. CORP.
14422 S. SAN PEDRO STREET
GARDENA, CA 90248

**Commercial Name(s):** Not available.

**Synonym:** N-Hydroxy-N-nitrosobenzenamine ammonium salt

**Chemical Name:** Not available.

**Chemical Family:** Not available.

**Chemical Formula:** C₆H₉N₃O₂

**Supplier:** SPECTRUM CHEMICAL MFG. CORP.
14422 S. SAN PEDRO STREET
GARDENA, CA 90248

**Catalog Number(s):** C1365

**CAS#:** 135-20-6

**RTECS:** NC4725000

**TSCA:** TSCA 8(b) inventory: Cupferron

**CI#:** Not available.

**NFPA: 1 3 0**

**HMIS: 3 1 0**

**Personal Protective Equipment:** See Section 15.

---

**Section 2. Composition and Information on Ingredients**

**Name** | **CAS #** | **TWA (mg/m³)** | **STEL (mg/m³)** | **CEIL (mg/m³)** | **% by Weight**
--- | --- | --- | --- | --- | ---
1) Cupferron | 135-20-6 | | | | 100

**Toxicological Data on Ingredients**

**Cupferron:**
- Acute: 199 mg/kg [Rat].

---

**Section 3. Hazards Identification**

**Potential Acute Health Effects:**
Extremely hazardous in case of ingestion. Hazardous in case of skin contact (irritant, permeator), of eye contact (irritant), of inhalation. Severe over-exposure can result in death.

**Potential Chronic Health Effects:**
Extremely hazardous in case of ingestion.
Hazardous in case of skin contact (irritant, permeator), of eye contact (irritant), of inhalation.

**CARCINOGENIC EFFECTS:**
Classified 2 (Reasonably anticipated.) by NTP.

**MUTAGENIC EFFECTS:**
Not available.

**TERATOGENIC EFFECTS:**
Not available.

**DEVELOPMENTAL TOXICITY:**
Not available.

Repeated exposure to an highly toxic material may produce general deterioration of health by an accumulation in one or many human organs.

---

**Continued on Next Page**
**Section 4. First Aid Measures**

**Eye Contact**
Check for and remove any contact lenses. Immediately flush eyes with running water for at least 15 minutes, keeping eyelids open. Cold water may be used. Do not use an eye ointment. Seek medical attention.

**Skin Contact**
After contact with skin, wash immediately with plenty of water. Gently and thoroughly wash the contaminated skin with running water and non-abrasive soap. Be particularly careful to clean folds, crevices, creases and groin. Cold water may be used. Cover the irritated skin with an emollient. If irritation persists, seek medical attention. Wash contaminated clothing before reusing.

**Serious Skin Contact**
Wash with a disinfectant soap and cover the contaminated skin with an anti-bacterial cream. Seek immediate medical attention.

**Inhalation**
Allow the victim to rest in a well ventilated area. Seek immediate medical attention.

**Serious Inhalation**
Evacuate the victim to a safe area as soon as possible. Loosen tight clothing such as a collar, tie, belt or waistband. If breathing is difficult, administer oxygen. If the victim is not breathing, perform mouth-to-mouth resuscitation. Seek medical attention.

**Ingestion**
Do not induce vomiting. Examine the lips and mouth to ascertain whether the tissues are damaged, a possible indication that the toxic material was ingested; the absence of such signs, however, is not conclusive. Loosen tight clothing such as a collar, tie, belt or waistband. If the victim is not breathing, perform mouth-to-mouth resuscitation. Seek immediate medical attention.

**Serious Ingestion**
Not available.

**Section 5. Fire and Explosion Data**

**Flammability of the Product**
May be combustible at high temperature.

**Auto-Ignition Temperature**
Not available.

**Flash Points**
Not available.

**Flammable Limits**
Not available.

**Products of Combustion**
These products are carbon oxides (CO, CO2), nitrogen oxides (NO, NO2...).

**Fire Hazards in Presence of Various Substances**
Not available.

**Explosion Hazards in Presence of Various Substances**
Risks of explosion of the product in presence of mechanical impact: Not available. Risks of explosion of the product in presence of static discharge: Not available.

**Fire Fighting Media and Instructions**
SMALL FIRE: Use DRY chemical powder.
LARGE FIRE: Use water spray, fog or foam. Do not use water jet.

**Special Remarks on Fire Hazards**
Not available.

**Special Remarks on Explosion Hazards**
Not available.

**Section 6. Accidental Release Measures**

**Small Spill**
Use appropriate tools to put the spilled solid in a convenient waste disposal container.

**Large Spill**
Use a shovel to put the material into a convenient waste disposal container.
Section 7. Handling and Storage

Precautions
- Keep locked up. Keep away from heat. Keep away from sources of ignition. Empty containers pose a fire risk. Evaporate the residue under a fume hood. Ground all equipment containing material. Do not ingest. Do not breathe dust. Wear suitable protective clothing. In case of insufficient ventilation, wear suitable respiratory equipment. If ingested, seek medical advice immediately and show the container or the label. Avoid contact with skin and eyes.
- Keep container dry. Keep in a cool place. Ground all equipment containing material. Keep container tightly closed. Keep in a cool, well-ventilated place. Highly toxic or infectious materials should be stored in a separate locked safety storage cabinet or room.

Storage
- Keep container dry. Keep in a cool place. Ground all equipment containing material. Keep container tightly closed. Keep in a cool, well-ventilated place. Highly toxic or infectious materials should be stored in a separate locked safety storage cabinet or room.

Section 8. Exposure Controls/Personal Protection

Engineering Controls
- Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.

Personal Protection
- Splash goggles. Lab coat. Dust respirator. Be sure to use an approved/certified respirator or equivalent. Gloves.

Personal Protection in Case of a Large Spill
- Splash goggles. Full suit. Dust respirator. Boots. Gloves. A self contained breathing apparatus should be used to avoid inhalation of the product. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.

Exposure Limits
- Not available.

Section 9. Physical and Chemical Properties

Physical state and appearance
- Solid. (Crystalline solid.)

Molecular Weight
- 155.16 g/mole

pH (1% soln/water)
- Not available.

Boiling Point
- Decomposes.

Melting Point
- 163.5°C (326.3°F)

Critical Temperature
- Not available.

Specific Gravity
- Not available.

Vapor Pressure
- Not applicable.

Vapor Density
- Not available.

Volatility
- Not available.

Odor Threshold
- Not available.

Water/Oil Dist. Coeff.
- Not available.

Ionicity (in Water)
- Not available.

Dispersion Properties
- See solubility in water, methanol, diethyl ether.

Solubility
- Soluble in cold water, methanol, diethyl ether.
