

# **MATERIAL SAFETY DATA SHEET**

1. CHEMICAL PRODUCT AN	ND COMPANY IDENTIFICATION			
Product code:	P2590			
Product Name:	ALPHA-PHELLANDRENE			
Chemical Name:	p-Mentha-1,5-diene			
Synonyms:	1,3-Cyclohexadiene, 2-methyl-5-(1-methylethyl)-			
	2-Methyl-5-isopropyl-1,3-cyclohexadiene			
	4-Isopropyl-1-methyl-1,5-cyclohexadiene			
	5-Isopropyl-2-methyl-1,3-cyclohexadiene			
alpha-Fellandrene				
Recommended use: Chemical intermediate. Flavoring ingredient. Perfuming agent.				
CAS #:	99-83-2			
Formula:	C10-H16			
RTECS #	OS8080000			
CI#:	Not available			
Supplier:	Spectrum Chemicals and Laboratory Products, Inc.			
	14422 South San Pedro St.			
	Gardena, CA 90248			
	(310) 516-8000			
Emergency Telephone Number:	CHEMTREC: 1-800-424-9300			
Contact Person:	Martin LaBenz (West Coast)			
Contact Person:	Chris Terpak (East Coast)			

# 2. HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW WARNING! FLAMMABLE. WARNING! IRRITANT. Irritating to eyes. Irritating to skin.					
Odor: No information available	Physical state: Liquid.	Appearance: No information available	<b>Color:</b> Colorless. Light yellow.		

OSHA Regulatory Status

This material is considered hazardous by the OSHA Hazard Communication

Standard (29 CFR 1910.1200)

Product code: P2590 Product name: ALPHA- 1/10 PHELLANDRENE

# 2. HAZARDS IDENTIFICATION

#### POTENTIAL HEALTH EFFECTS

# **Principal Routes of Exposure:**

Ingestion. Skin. Eyes. Inhalation.

# **Acute Potential Health Effects:**

#### **Skin Contact:**

Contact causes skin irritation. It may be absorbed through the skin.

### **Eye Contact:**

Causes eye irritation.

#### Inhalation:

May cause irritation of respiratory tract.

# Ingestion:

Ingestion may cause gastrointestinal irritation, nausea, vomiting, and diarrhoea.

#### **Chronic Potential Health Effects:**

Component

a-Phellandrene
99-83-2 (100)

Carcinogen Status:

No information available

Target Organs: No information available

Teratogenic Effects: No information available

Mutagenic Effects: No information available

Aggravated Medical Conditions: No information available

See Section 11 for additional Toxicological Information

#### POTENTIAL ENVIRONMENTAL EFFECTS

No information available

# 3. COMPOSITION/INFORMATION ON INGREDIENTS

Components	CAS-No.	Weight %
a-Phellandrene	99-83-2	100

# 4. FIRST AID MEASURES

General Advice: Poison information centres in each State capital city can provide additional

assistance for scheduled poisons (13 1126)

Skin Contact: Wash off immediately with soap and plenty of water removing all contaminated

clothes and shoes. Get medical attention. If skin irritation persists, call a physician.

**Eye Contact:** Flush eye with water for 15 minutes. Get medical attention.

Product code: P2590 Product name: ALPHA- 2/10

**Inhalation:** Move to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial

respiration. Get medical attention.

**Ingestion:** Do not induce vomiting without medical advice. Never give anything by mouth to an

unconscious person. Obtain medical attention.

Notes to Physician: Treat symptomatically

# 5. FIRE-FIGHTING MEASURES

### Flammable Properties

Flashpoint (°C/°F): 47 °C/117 °F

Tested according to:

Closed cup

Lower Explosion Limit (%): No information available
Upper Explosion Limit (%): No information available

Autoignition Temperature (°C/°F): Not applicable.

Suitable Extinguishing Media: Carbon dioxide (CO2). Dry chemical. Alcohol-resistant foam.

Water spray.

Unsuitable Extinguishing Media: Do not use a solid (straight) water stream as it may scatter

and spread fire.

Hazardous Combustion Products: Carbon oxides

**Specific hazards:** Flammable. May be ignited by heat, sparks or flames. Vapor

may travel considerable distance to source of ignition and flash back. Vapors may form explosive mixtures with air. Most vapors are heavier than air. They will spread along the ground and collect in low or confined areas (sewers,

basements, tanks). Container explosion may occur under

fire conditions or when heated.

**Special Protective Equipment for Firefighters:** As in any fire, wear self-contained breathing apparatus

pressure-demand, MSHA/NIOSH (approved or equivalent)

and full protective gear

Specific Methods: Water mist may be used to cool closed containers. For

larger fires, use water spray or fog. Cool containers with flooding quantities of water until well after fire is out.

# 6. ACCIDENTAL RELEASE MEASURES

#### **Personal Precautions:**

Ensure adequate ventilation. Avoid contact with skin, eyes and clothing. Use personal protective equipment. Remove all sources of ignition. Pay attention to flashback. Take precautionary measures against static discharges. All equipment used when handling the product must be grounded. Use spark-proof tools and explosion-proof equipment. In case of large spill, water spray or vapor suppressing foam may be used to reduce vapors, but may not prevent ignition in closed spaces.

Product code: P2590 Product name: ALPHA-PHELLANDRENE 3/10

#### **Environmental Precautions:**

Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Prevent entry into waterways, sewers, basements or confined areas. In case of large spill, dike if needed. Dike far ahead of liquid spill for later disposal.

# **Methods for Cleaning Up:**

Absorb spill with inert material (e.g. vermiculite, dry sand or earth), then place in a suitable chemical waste container. Clean contaminated surface thoroughly.

# 7. HANDLING AND STORAGE

### Handling

### **Technical Measures/Precautions:**

Provide sufficient air exchange and/or exhaust in work rooms. Remove all sources of ignition. To avoid ignition of vapors by static electricity discharge, all metal parts of the equipment must be grounded. Keep away from incompatible materials.

### Safe Handling Advice:

Wear personal protective equipment. Use only in well-ventilated areas. Avoid contact with skin, eyes and clothing. Keep away from heat and sources of ignition. Take precautionary measures against static discharges. Do not breathe vapors or spray mist. Do not ingest. When using do not smoke. Handle in accordance with good industrial hygiene and safety practice.

# **Storage**

# **Technical Measures/Storage Conditions:**

Keep container tightly closed in a dry and well-ventilated place. Store at room temperature in the original container. Keep away from heat and sources of ignition. Store in a segrated and approved area. Store away from incompatible materials.

### **Incompatible Products:**

Oxidizing agents.

# 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

**Engineering measures to reduce exposure:** Ensure adequate ventilation. Provide exhaust ventilation or

other engineering controls to keep the airborne

concentrations of vapors and mist below their respective

threshold limit value.

**Personal Protective Equipment** 

**Eye protection:** Goggles. Safety glasses with side-shields.

**Skin and body protection:** Chemical resistant apron. Long sleeved clothing. Gloves.

**Respiratory protection:** Respiratory protection is not necessary for normal handling. Good room ventilation

or use of local exhaust (fume hood) is sufficient. Use a vapor respirator under conditions where exposure to the substance is apparent (e.g. generation of high concentrations of mist or vapor, inadequate ventilation, development of respiratory tract irritation), and engineering controls are not feasible. Be sure to use an

approved/certified respirator or equivalent.

**Hygiene measures:** Avoid contact with skin, eyes and clothing. When using, do not eat, drink or smoke.

Wash hands before breaks and immediately after handling the product.

National occupational exposure limits

Product code: P2590 Product name: ALPHA-PHELLANDRENE 4/10

#### **United States**

**U.S Occupational Exposure Limits:** Not determined

**Local Effects** 

**Skin irritation:** Causes skin irritation. Severe skin irritation.

**Eye irritation:** Causes eye irritation.

**Inhalation:** May cause irritation of respiratory tract. Symptoms may include burning sensation,

coughing, wheezing, laryngitis, shortness of breath. May cause headache. May

cause nausea, vomiting.

Ingestion: Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhoea.

Sensitization: No information available

**Chronic Toxicity** 

Chronic Toxicity No information available

Carcinogenic effects: Not considered carcinogenic
