5. FIRE-FIGHTING MEASURES	
Suitable extinguishing media:	Dry chemical, foam, water in large amounts, carbon dioxide.
Specific hazards arising from the chemical:	Take care as it may decompose upon combustion or in high temperatures to generate poisonous fume.
Hazardous combustion products:	These products include: Carbon oxides Nitrogen oxides
Other specific hazards:	Closed containers may explode from heat of a fire.

6. ACCIDENTAL RELEASE MEASURES

Advice for firefighters:

Personal precautions, protective equipment and emergency procedures:	Use personal protective equipment. Keep people away from and upwind of spill/leak. Ensure adequate ventilation. Entry to non-involved personnel should be controlled around the leakage area by roping off, etc.
Environmental precautions: Methods and materials for containment and cleaning up:	Prevent product from entering drains. Absorb spilled material in a suitable absorbent (e.g. rag, dry sand, earth, saw-dust). In case of large amount of spillage, contain a spill by bunding. Adhered or collected material should be promptly disposed of, in accordance with appropriate laws and regulations.
Prevention of secondary hazards:	Remove all sources of ignition. Fire-extinguishing devices should be prepared in case of a fire. Use spark-proof tools and explosion-proof equipment.

Wear self-contained breathing apparatus if possible.

Precautions for safe handling:	Handling is performed in a well ventilated place. Wear suitable protective equipment. Prevent
5	generation of vapour or mist. Keep away from flames and hot surfaces. Take measures to prevent the
	build up of electrostatic charge. Use explosion-proof equipment. Wash hands and face thoroughly after handling.
	Use a closed system if possible. Use a ventilation, local exhaust if vapour or aerosol will be generated.
	Avoid contact with skin, eyes and clothing.
Conditions for safe storage, inclu	ding any incompatibilities
Storage conditions:	Keep container tightly closed. Store in a cool, dark and well-ventilated place.
	Store under inert gas. Protect from moisture. Store locked up.
