## 1. IDENTIFICATION

Product name: Product code:

#### Product use: **Restrictions on use:**

Company: TCI America 9211 N. Harborgate Street Portland, OR 97203 U.S.A. Telephone: +1-800-423-8616 / +1-503-283-1681 Fax: +1-888-520-1075 / +1-503-283-1987 e-mail: sales-US@TCIchemicals.com www.TCIchemicals.com

### 2. HAZARD(S) IDENTIFICATION OSHA Haz Com: CFR 1910.1200: Acute Toxicity - Oral [Category 4] Skin Corrosion/Irritation [Category 2] WHMIS 2015: Eye Damage/Irritation [Category 2A] Specific Target Organ Toxicity (Single Exposure) [Category 3] Specific Target Organ Toxicity (Repeated Exposure) [Category 2] Aquatic Hazard (Acute) [Category 2] Signal word: Warning! Hazard Statement(s): Harmful if swallowed Causes skin irritation Causes serious eye irritation Toxic to aquatic life May cause respiratory irritation. May cause damage to organs through prolonged or repeated exposure: Kidney Pictogram(s) or Symbol(s): Precautionary Statement(s): [Prevention] Do not breathe dust, fume, mist, vapors or spray. Use only outdoors or in a well-ventilated area. Avoid release to the environment. Do not eat, drink or smoke when using this product. Wash hands and face thoroughly after handling. Wear protective gloves, eye protection. If swallowed: Call a poison center or doctor if you feel unwell. Rinse mouth. If on skin: Wash with plenty [Response] of soap and water. If skin irritation occurs: Get medical advice or attention. Take off contaminated clothing and wash it before reuse. If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison center or doctor if you feel unwell. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention. Get medical advice or attention if you feel unwell. Store in a well-ventilated place. Keep container tightly closed. Store locked up. [Storage] Dispose of contents and container in accordance with local, regional, national regulations (e.g. US: 40 [Disposal] CFR Part 261, EU:91/156/EEC, JP: Waste Disposal and Cleaning Act, etc.). Hazards not otherwise classified: None. [HNOC]

Sodium Dodecyl Sulfate [for Electrophoresis] S0588

TCI AMERICA

SAFETY DATA SHEET

For laboratory research purposes. Not for drug or household use.

#### Emergency telephone number:

Chemical Emergencies: TCI America (8:00am - 5:00pm) PST +1-503-286-7624 Transportation Emergencies: Chemtrec 24-Hour +1-800-424-9300 (U.S.A.) +1-703-527-3887 (International) **Responsible department:** TCI America Environmental Health Safety and Security +1-503-286-7624

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Substance/mixture:<br>Components: | Substance<br>Sodium Dodecyl Sulfate [for Electrophoresis]  |
|-----------------------------------|--|
| Percent:                          | >97.0%(GC)(T)  |
| CAS RN:                           | 151-21-3   |
| Molecular Weight:                 | 288.38   |
| Chemical Formula:                 | C12H25NaO4S  |
| Synonyms:                         | Dodecylsulfuric Acid Sodium Salt , Laurylsulfuric Acid Sodium Salt , SDS , Sodium Lauryl Sulfate |
|                                   |  |

# 4. FIRST-AID MEASURES

| Inhalation:   | Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON  |  |  |  |
|---|---|--|--|--|
|   | CENTER or doctor/physician if you feel unwell.  |  |  |  |
| Skin contact: Remove/Take off immediately all contaminated clothing. Gently wash with plenty of skin irritation or rash occurs: Get medical advice/attention. |   |  |  |  |
| Eye contact:  | Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.<br>Continue rinsing. If eve irritation persists: Get medical advice/attention. |  |  |  |
| Ingestion:  | Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth.   |  |  |  |
| Symptoms/effects:   |   |  |  |  |
| Acute:  | Redness.  |  |  |  |
| Delayed:  | May have effects on the respiratory tract.  |  |  |  |
| Indication of any immediate medical   | attention:  |  |  |  |
| Not available.  |   |  |  |  |
| <b>N N N N N N N N N N</b>  |   |  |  |  |

Notes to physician: No data available

# 5. FIRE-FIGHTING MEASURES

| Suitable extinguishing media:                             | Dry chemical, foam, water spray, carbon dioxide.  |
|---|---|
| Specific hazards arising from the<br>chemical:            | Take care as it may decompose upon combustion or in high temperatures to generate poisonous fume.                         |
| Hazardous combustion products:<br>Other specific hazards: | These products include: Carbon oxides Sulfur oxides Metallic oxides<br>Closed containers may explode from heat of a fire. |
| Advice for firefighters:                                  | Wear self-contained breathing apparatus if possible.  |

## 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions, protective<br>equipment and emergency procedures:<br>Environmental precautions:<br>Methods and materials for containment<br>and cleaning up: | Use personal protective equipment. Keep people away from and upwind of spill/leak. Entry to non-involved personnel should be controlled around the leakage area by roping off, etc. Prevent product from entering drains. Sweep dust to collect it into an airtight container, taking care not to disperse it. Adhered or collected material should be promptly disposed of, in accordance with appropriate laws and regulations. |
|--|---|
| 7. HANDLING AND STORAGE  |   |
| TANDEING AND STORAGE   |   |
| Precautions for safe handling:   | Handling is performed in a well ventilated place. Wear suitable protective equipment. Prevent<br>dispersion of dust. Wash hands and face thoroughly after handling.<br>Use a closed system if possible. Use a local exhaust if dust or aerosol will be generated.<br>Avoid contact with skin, eyes and clothing.  |
| Conditions for safe storage, including a   | ny incompatibilities  |
| Storage conditions:  | Keep container tightly closed. Store in a cool, dark and well-ventilated place.<br>Store under inert gas. Protect from moisture. Store locked up.<br>Store away from incompatible materials such as oxidizing agents.<br>Hygroscopic  |
|  |   |

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

| Appropriate engineering controls: | Follow safe industrial engineering/laboratory practices when handling any chemical. Install a closed system or local exhaust. Also install safety shower and eye bath.                                 |
|-----------------------------------|--|
| Personal protective equipment     |  |
| Respiratory protection:           | Dust respirator, self-contained breathing apparatus(SCBA), supplied air respirator, etc. Use respirators<br>approved under appropriate government standards and follow local and national regulations. |
| Hand protection:                  | Impervious gloves.   |
| Eye protection:                   | Safety goggles. A face-shield, if the situation requires.  |
| Skin and body protection:         | Impervious protective clothing. Protective boots, if the situation requires.   |

## 9. PHYSICAL AND CHEMICAL PROPERTIES

| Physical state (20°C):<br>Form:<br>Colour:<br>Odour:<br>Odor threshold:<br>Odour threshold: | Solid<br>Crystal - Powder<br>White - Pale yellow<br>Characteristic<br>No data available<br>No data available |                                       |                    |
|---|--|---------------------------------------|--------------------|
| Melting point/freezing point:   | 207°C (405°F)  | pH:                                   | No data available  |
| Boiling point/range:  | No data available  | Vapour pressure:                      | No data available. |
| Decomposition temperature:  | No data available  | Vapour density:                       | No data available  |
| Relative density:   | No data available  | Dynamic Viscosity:                    | No data available  |
| Kinematic viscosity:  | No data available  |                                       |                    |
| Log Pow:  | No data available  | Evaporation rate(Butyl<br>Acetate=1): | No data available  |
| Flash point:  | No data available  | Autoignition temperature:             | 248°C (478°F)      |
| Flammability(solid, gas):   | No data available  | Flammability or explosive limits:     | Ne dete evelleble  |
|   |  | Lower:                                | No data available  |
|   |  | Upper:                                | No data available  |
| Solubility(ies):  |  |                                       |                    |
| [Water]   | Soluble (10g/100mL)  |                                       |                    |
| [Other solvents]  | No data available  |                                       |                    |
|   | 11 // <b>T</b> /   |                                       |                    |

10. STABILITY AND REACTIVITY

Reactivity: Chemical stability: Possibility of hazardous reactions: Incompatible materials: Hazardous decomposition products: No data available Stable under proper conditions. No special reactivity has been reported. Oxidizing agents Carbon dioxide, Carbon monoxide, Sulfur oxides

| 13. DISPOSAL CONSIDERATIONS   |   |  |  |
| Disposal of container:  | Recycle to process if possible. It is the generator's responsibility to comply with Federal, State and Local rules and regulations. You may be able to dissolve or mix material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber system. This section is intended to provide assistance but does not replace these laws, nor does compliance in accordance with this section ensure regulatory compliance according to the law. US EPA guidelines for Identification and Listing of Hazardous Waste are listed in 40 CFR Parts 261. The product should not be allowed to enter the environment, drains, water ways, or the soil. Dispose of as unused product. Do not re-use empty containers. |  |  |
| Other considerations:   | Observe all federal, state and local regulations when disposing of the substance.   |  |  |

## 16. OTHER INFORMATION

#### Revision date: 07/06/2018

#### **Revision number:** 1

TCI chemicals are for research purposes only and are NOT intended for use as drugs, food additives, households, or pesticides. The information herein is believed to be correct, but does not claim to be all inclusive and should be used only as a guide. Neither the above named supplier nor any of its affiliates or subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All chemical reagents must be handled with the recognition that their chemical, physiological, toxicological, and hazardous properties have not been fully investigated or determined. All chemical reagents should be handled only by individuals who are familiar with their potential hazards and who have been fully trained in proper safety, laboratory, and chemical handling procedures. Although certain hazards are described herein, we can not guarantee that these are the only hazards which exist. Our SDS are based only on data available at the time of shipping and are subject to change without notice as new information is obtained. Avoid long storage periods since the product is subject to degradation with age and may become more dangerous or hazardous. It is the responsibility of the user to request updated SDS for products that are stored for extended periods. Disposal of unused product must be undertaken by qualified personnel who are knowledgeable in all applicable regulations and follow all pertinent safety precautions including the use of appropriate protective equipment (e.g. protective goggles, protective clothing, breathing equipment, face mask, fume hood). For proper handling and disposal, always comply with federal, state and local regulations.
