Certificate of Analysis Results Entered By:

HBERMUDEZ Hernan Bermudez 29-JAN-24 07:47:22

Spectrum Chemical Mfg Corp 14422 South San Pedro Street Gardena 90248 CA

Certificate of Analysis Results Approved By:

SHANSEN Selin Hansen 08-MAR-24 09:58:59 All pharmaceutical ingredients are tested using current edition of applicable pharmacopeia.

Read and understand label and SDS before handling any chemicals. All Spectrum's chemicals are for manufacturing, processing, repacking or research purposes by experienced personnel only. It is the customer's responsibility to provide adequate hazardous material training and ensure that appropriate Personal Protective Equipment (PPE) is used before handling any chemical.

The Elemental Impurities standards implemented by USP and other Pharmaceutical Compendia reflect a growing understanding of the toxicology of trace levels of elemental impurities that can remain in drug substances originating from either raw materials or manufacturing processes. Identifying and quantifying impurities can be critical to predicting the best possible patient outcomes. Elemental Impurities has been a requirement of all products meeting USP/NF, EP and BP monographs since January 1, 2018. More information can be found in USP sections <232> Elemental Impurities – Limits and <233> Elemental Impurities – Procedures. Data for drug substances furnished by Spectrum Chemical Mfg. Corp can be used to ensure that patient daily exposures by oral administration to the selected elements are not exceeded in the formulation of pharmaceutical products.

SAFETY DATA SHEET

Preparation Date: 04/06/2015	Revision Date: 07/06/2018	Revision Number: G2			
1. IDENTIFICATION					
Product identifier					
Product code:	S1962				
Product Name:	SODIUM STARCH GLYCOLATE, PH 5.5-7.5, T	YPE A, NF			
Other means of identification					
Synonyms:	Sodium carboxymethoxystarch				
	Starch, carboxymethyl ether, monosodium salt				
	Carboxymethyl starch sodium salt Sodium carboxymethyl starch				
	Socium carboxymetry starch				
CAS #:	9063-38-1				
RTECS #	Not available				
CI#:	Not available				
Recommended use of the chen	nical and restrictions on use				
Recommended use:	No information available.				
Uses advised against	No information available				
Supplier:	Spectrum Chemical Mfg. Corp				
	14422 South San Pedro St.				
	Gardena, CA 90248				
	(310) 516-8000				
Order Online At:	https://www.spectrumchemical.com				
Emergency telephone number	Chemtrec 1-800-424-9300				
Contact Person:	Martin LaBenz (West Coast)				
Contact Person:	Ibad Tirmiz (East Coast)				
2. HAZARDS IDENTIFICATION					

Classification

This chemical is considered hazardous according to the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Considered a dangerous substance or mixture according to the Globally Harmonized System (GHS)

Combustible dust

Label elements

Warning

May form combustible dust concentrations in air

Hazards not otherwise classified (HNOC)

Not Applicable

Other hazards

Not available

Precautionary Statements - Prevention

Keep away from all ignition sources including heat, sparks, and flame Keep container closed and grounded Prevent dust accumulations to minimize explosion hazard

3. COMPOSITION/INFORMATION ON INGREDIENTS

Components	CAS-No.	Weight %
Sodium Starch Glycolate	9063-38-1	100

4. FIRST AID MEASURES				
First aid measures				
General Advice:	National Capital Poison Center in the United States can provide assistance if you have a poison emergency and need to talk to a poison specialist. Call 1-800-222-1222.			
Skin Contact:	Wash off immediately with soap and plenty of water removing all contaminated clothing and shoes. Get medical attention if irritation develops.			
Eye Contact:	Flush eyes with water for 15 minutes. Get medical attention if irritation occurs. If symptoms persist, call a physician.			
Inhalation:	Move to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.			
Ingestion:	Do not induce vomiting without medical advice. Never give anything by mouth to an unconscious person. Obtain medical attention.			
Most important symptoms and	effects, both acute and delayed			
Symptoms	May cause eye/skin irritation May cause digestive (gastrointestinal) tract irritation Dust is irritating to respiratory tract			
Indication of any immediate m	edical attention and special treatment needed			
Notes to Physician:	Treat symptomatically.			

Protection of first-aiders

First-Aid Providers: Avoid exposure to blood or body fluids. Wear gloves and other necessary protective clothing. Dispose of contaminated clothing and equipment as bio-hazardous waste.

5. FIRE-FIGHTING MEASURES

Extinguishing Media Suitable Extinguishing Media:

Carbon dioxide (CO2). Dry chemical. Water spray mist or foam.

Unsuitable Extinguishing Media:

No information available.

Specific hazards arising from the chemical

Product code: S1962

Hazardous Combustion Products:	Carbon Monoxide, Carbon Dioxide.	
Specific hazards:	May be combustible at high temperatures. Avoid generating dust. Fine dust dispersed in air in sufficient concentrations, and in the presence of an ignition source is a potential dust explosion hazard.	
Special Protective Actions for Firefighters		
Specific Methods:	No information available.	

Special Protective Equipment for Firefighters:

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal Precautions:	Ensure adequate ventilation. Use personal protective equipment. Avoid contact with skin,
	eyes and clothing. Remove all sources of ignition. Avoid dust formation. Avoid dispersal of dust in the air. Dust deposits should not be allowed to accumulate on surfaces, as these may form an explosive mixture if they are released into the atmosphere in sufficient concentration. Non-sparking tools should be used.
Environmental precautions	Prevent further leakage or spillage if safe to do so. Do not flush into surface water or sanitary sewer system.
Methods and material for cont	tainment and cleaning up
Methods for containment	Stop leak if you can do it without risk. Cover with plastic sheet to prevent spreading.
Methods for cleaning up	Sweep up and shovel into suitable containers for disposal. Avoid creating dust. Use only non-sparking tools. Clean contaminated surface thoroughly.

7. HANDLING AND STORAGE

Precautions for safe handling

Technical Measures/Precautions:

Provide sufficient air exchange and/or exhaust in work rooms. Minimize dust generation and accumulation. Avoid dust formation. Dry powders can build static electricity charges when subjected to friction of transfer and mixing operations. All equipment used when handling the product must be grounded. Routine housekeeping should be instituted to ensure that dusts do not accumulate on surfaces. Keep away from incompatible materials.

Safe Handling Advice

Wear personal protective equipment. Avoid contact with skin, eyes and clothing. Do not ingest. Do not breathe dust. Keep away from heat and sources of ignition. Handle in accordance with good industrial hygiene and safety practice.

Conditions for safe storage, including any incompatibilities

Technical Measures/Storage Conditions:

Hygroscopic. Keep container tightly closed in a dry and well-ventilated place. Keep away from heat and sources of ignition. Store at room temperature in the original container. Store away from incompatible materials.

Incompatible Materials:

Product code: S1962

Oxidizing agents

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

National occupational exposure limits

United States

Components	CAS-No.	OSHA	NIOSH	ACGIH	AIHA WEEL
Sodium Starch Glycolate	9063-38-1	None	None	None	None

Canada

Components	CAS-No.	Canada - Alberta	Canada - British Columbia	Canada - Ontario	Canada - Quebec
Sodium Starch Glycolate	9063-38-1	None	None	None	None

Australia and Mexico

Components	CAS-No.	Australia	Mexico
Sodium Starch Glycolate	9063-38-1	None	None

Appropriate engineering controls

Engineering measures to reduce exposure:

Ensure adequate ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit. Ensure that dust-handling systems (such as exhaust ducts, dust collectors, vessels, and processing equipment) are designed in a manner to prevent the escape of dust into the work area (i.e. there is no leakage from the equipment) It is recommended that all dust control equipment such as local exhaust ventilation and material transport systems involved in the handling of this product contain explosion relief vents or an explosion suppression system or an oxygen-deficient environment

Individual protection measures, such as personal protective equipment

Personal Protective Equipment

Eye protection:	Goggles or Safety glasses with side-shields	
Skin and body protection:	Long sleeved clothing Chemical resistant apron Gloves	
Respiratory protection:	Effective dust mask. Use a dust respirator under conditions where exposure the substance is apparent (e.g. generation of high concentration of dust (dus clouds), inadequate ventilation, development of respiratory tract irritation), a engineering controls are not feasible. Be sure to use an approved/certified respirator or equivalent.	st
04000	Broduct nomes CODULINA CTADOLL	

Product code: S1962	Product name: SODIUM STARCH
	GLYCOLATE, PH 5.5-7.5, TYPE A, NF

Hygiene measures:

Avoid contact with skin, eyes and clothing. When using, do not eat, drink or smoke. Wash hands before breaks and immediately after handling the product.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: Solid

Odor: Odorless.

Molecular/Formula weight: No information available

Flash Point Tested according to: Not available

Upper Explosion Limit (%): No information available

Boiling point/range(°C/°F): No information available

Specific gravity: 0.95

Evaporation rate: No information available

Odor threshold (ppm): No information available

Miscibility: No information available Appearance: Powder.

Taste No information available.

Flammability: No information available

Autoignition Temperature (°C/°F): No information available

Melting point/range(°C/°F): No information available

Bulk density: No information available

pH: 5.5-7.5

Vapor density: No information available

Partition coefficient (n-octanol/water): No information available

Solubility: Insoluble in most organic solvents Solubility in Water: 5 g/L @ 20°C Color: White.

Formula: No information available

Flashpoint (°C/°F): No information available.

Lower Explosion Limit (%): No information available

Decomposition temperature(°C/°F): No information available

Density (g/cm3): No information available

Certification of Compliance with current Good Manufacturing Practices

Dear Valued Customer:

Spectrum Chemical Mfg Corp certifies that the following product(s) is produced, processed, packaged and held in compliance with current Good Manufacturing Practices (cGMP) in accordance with the applicable parts of 21 CFR, parts 210 and 211 of the Code of Federal Regulations.

Catalog Number	Product Name
S1962	Sodium Starch Glycolate, pH 5.5-7.5, Type A, NF

Spectrum is an FDA registered and inspected Drug Establishment. Our United States Food and Drug Administration (USFDA) Registration numbers are as follows:

Spectrum-Gardena, CA:	<u>2020632</u>
Spectrum-New Brunswick, NJ:	2246824

Thank you for your interest in Spectrum products. If we may be of further assistance, please feel free to contact the Quality Assurance department at 310-516-8000 or via email at <u>gualityassurance@spectrumchemical.com</u>

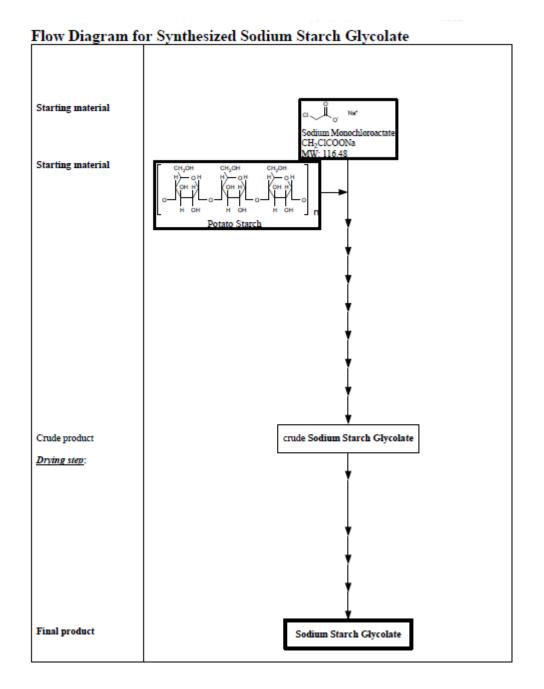

Sincerely,

Oulu Clamy

Oralia Chavez Quality Assurance Specialist

Spectrum[®] **S1962**, Sodium Starch Glycolate, pH 5.5-7.5, Type A, NF

Source Statement

The above mentioned catalog item is manufactured from plant derived material (potato starch). No animal derived products are used in the manufacturing process.

BSE/TSE Statement

The above mentioned catalog item does not contain nor is manufactured using any animal derived products and is therefore, BSE/TSE free.

Allergen Statement

The above mentioned catalog item does not contain any of the following:

- Milk
- Egg
- Fish
- Shellfish
- Tree Nuts
- Wheat
- Peanuts

- Cereals containing Gluten
- Celery
- Mustard
- Sesame Seed
- Corn
- Latex
- Soy

EU Fragrance Allergen Statement

The above mentioned catalog item does not contain any of the 26 EU fragrance allergens listed in Annex III lines 67-92. These substances are not intentionally added to the following chemical and therefore are not expected to be present.

GMO Statement

The above mentioned catalog item is manufactured without the use of genetically modified organisms and is therefore GMO free.

Melamine Statement

The above mentioned catalog does not use or add melamine to the manufacturing process and is considered melamine-free.

Nitrosamine Statement

Based on knowledge of the manufacturing process, nitrosamine impurities are not known or suspected to be present in this material.

Animal Testing Statement

The above mentioned catalog item has not been tested on animals.

Organic Compliance Statement

The above mentioned catalog item has not been produced using GMOs, irradiation, ethylene oxide (EtO) or sewage sludge.

Shelf Life Statement

The above-mentioned catalog item is typically assigned a shelf life of 60 months from the date of manufacture. The actual assigned shelf life for any specific lot should be referenced on the Certificate of Analysis.

Other Chemicals Statement

Spectrum does not have any reason to suspect the above mentioned catalog item contains any of the following chemicals. This product does not come into contact with these chemicals during packaging or storage:

- Aflatoxins
- Antibiotics
- Bisphenol A (BPA)
- CMR Substances

- Parabens
- Pesticides
- Phthalates
- Preservatives

RE: Elemental Impurities - Sodium Starch Glycolate, pH 5.5-7.5, Type A, NF (Cat# S1962)

To Whom It May Concern:

Thank you for your interest in Spectrum high quality chemicals.

The above mentioned material complies with the USP<232>, <233> Elemental Impurities and the ICH Q3D Elemental Impurities Guideline. No Class 1, Class 2A, Class 2B or Class 3 elemental impurities are likely to be present. These substances are not used in the production process, are not intentionally added or known to be present in the above mentioned material.

This information is subject to change and is intended for risk assessment only. It is responsibility of the end user to evaluate suitability of any chemical for the intended use as well as to assess compound-specific limits of daily intake of metal impurities. For lot-specific information, please refer to the respective Certificate of Analysis.

If you have any further questions, please contact us by telephone at 1(800)772-8786 Option 2, or by email at <u>TechServices@spectrumchemical.com.</u>

Sincerely,

Technical Services Spectrum Chemical Mfg. Corp.

RE: Residual Solvents - Sodium Starch Glycolate, pH 5.5-7.5, Type A, NF (Cat# S1962)

To Whom It May Concern:

Thank you for your interest in Spectrum high quality chemicals.

The above mentioned catalog item complies with the requirements of USP <467> Residual Solvents and ICH Q3C Residual Solvents Guideline. The following solvents are likely to be present:

Residual Solvent	Class	Expected Concentration
Methanol	2	< 3000 ppm

No Class 1, Class 3 or other solvents are used or produced in the manufacturing process of this material.

For lot-specific information, please refer to the respective Certificate of Analysis.

If you have any further questions, please contact us by telephone at 1(800)772-8786 Option 2, or by email at <u>TechServices@spectrumchemical.com.</u>

Sincerely,

Technical Services Spectrum Chemical Mfg. Corp.

Label Information

The Spectrum label presents technical and safety information in an easily understood format. Our technical specialists stay abreast of the latest requirements of the Globally Harmonized System for Classification and Labelling of Chemicals (GHS), as well as the Occupational Safety and Health Administration (OSHA), the Food and Drug Administration (FDA) and other government regulatory agencies in order to ensure compliance, accuracy and concise hazard communication. Below you will find a typical label example for this catalog item.

Source: Potato. Does not contain a crosslinking agent. WARNING **S1962** Sodium (Na; Alcohol-Washed, Dried Basis)..... SIZ SY May form combustible dust concentrations in air. **Sodium Starch** pH (1 g in 30 mL of Water) 5.5-7.5 Keep away from all ignition sources MAXIMUM LIMITS including heat, sparks and flame • Keep Microbial LimitsTo pass test ~ container closed and grounded • Prevent dust **Glycolate** 0000-00-00 Loss on Drying...... 10.0% ° accumulations to minimize explosion hazard. Iron 0.002% $\stackrel{\scriptstyle \wedge}{\scriptscriptstyle \leftarrow}$ This material has been evaluated per GHS Sodium Chloride7.0% oriteria and is not classified as hazardous pH 5.5-7.5, Type A Sodium Glycolate 2.0% ' under GHS. All chemicals may pose unknown Date: hazards and must be used with caution. NF Elemental Impurities As reported Use personal protection and safe handling Residual SolventsTo pass test Exp. CAS 9063-38-1 + methods consistent with proper workplace safety practices. Consult SDS for additional CAUTION: For manufacturing, processing or repacking. HYGROSCOPIC: Keep tightly closed. properties and precautions. If adverse Read and understand the label and Safety Data Sheet reaction occurs seek medical attention. (SDS) prior to use. **KEEP FROM CHILDREN** Chemical Emergency: (800)424-9300 Lot No. XQ#### www.SpectrumChemical.com G 7/J9GHS 2
